The Public File is also available in hard copy by post upon request by any member of the public, and serves as one indicator of each station's output. Comment on the contents of the Public File should be made to the station or to the industry regulator, Ofcom.

### **The programme schedule**

The regular programme schedule is available on the website <http://radiopembrokeshire.wales/schedule>

### **The average number of hours of automated programming within weekday daytimes and within daytimes on Saturdays and Sundays**

At Radio Pembrokeshire, we make full use of broadcast playout technology in order to deliver our programmes and free up presentation staff to produce content.

Programming is automated overnight from

Monday - Friday	0000 to 0600 and 1900 to 2400
Saturday	0000 to 0800 and 1800 to 2400
Sunday	0000 to 0900 and 1600 to 2400

At other times programming may be left in automation for brief periods to allow presenters to undertake training and other duties (whilst they remain on site at the broadcast centre). Typically, daytime programming is live or recorded immediately prior to transmission (in the case of split broadcasting)

### **The amount of local programming per day produced by the station**

With the exception of the Hit 40 UK Chart (Sun 1600-1900) and the Great Destination Travel Show (Mon 2100-2200) all programmes on Radio Pembrokeshire are delivered locally from one of Nation Broadcasting's two broadcast centres in the Ofcom West Wales approved area.

The broadcast centres are located within the licensed area of Pembrokeshire and Bridgend and Bridge FM is permitted to locate in either of these areas (and some others).

Some programming items such as news and travel may be compiled by presenters physically located outside of the broadcast centre.

### **Shared programming and content**

Radio Pembrokeshire is permitted to share all programming and content with 4 other local radios stations operated by Nation Broadcasting provided it meets fulfils its character of service obligations within the format.

Typically programming is shared as follows:-

Radio Pembrokeshire with Bridge FM / Swansea Bay - Monday to Thursday 6am-9pm, Friday 6am-7pm, Saturday 8am to 6pm, Sunday 6am to 8am and 9am to 7pm

Radio Pembrokeshire with Radio Carmarthenshire and Radio Ceredigion – Monday to Thursday 6am-9pm, Friday 6am-7pm, Saturday 8am to 6pm, Sunday 6am to 7pm, 9pm to 10pm.

Within shared programming a significant amount of programming is 'split' for example local news, regional rugby bulletins, local events, and some presentation links, giving a different listener experience for each station.

The Rugby Nation show (Wednesday 7pm-8pm) and Football Nation show (Thursday 7pm-8pm) is shared across the Nation Radio group including Nation Radio.

As stated above, although the programming is shared under Ofcom's definition; there is a considerable amount of market specific programming broadcast during shared programming. This includes:-

- Local news specific to the county
- Local events specific to the county
- Various programming links and interviews which are station specific
- Branding and advertising specific to the county

We also retain the ability for stations to standalone should there be an editorial reason to do so (for example a station specific event broadcast – such as a highlights show following a station awards event, for example).
